Additional Notes From Current Intern

**The assistant worship leader will work with the worship intern on coordinating several things:**

- **Music for Monday night communion**
- **Wednesday Night services**
- **Band practices**
- **Organization of the different areas of service on the worship team:**
  - **tech, band, and stage design.**

**Responsibilities**

- **Monday Night Communion:** The assistant worship leader will oversee the organization of music on Monday nights and work closely with the discipleship intern on the needs of each service.
- **What is needed:**

- **Picking two songs:** a hymn and a contemporary worship song
- **Coordinating tech/slides for each service:**
  - This includes the two songs, the lectionary, the announcement slides, and anything else that might be relevant to the service.
- **Wednesday Night Worship:** The assistant worship intern will work closely with the worship intern on planning Wednesday night services. This will be a joint effort! This includes and requires several things for planning:
  - **Having a knowledge of planning center/services:** This is an integral part of communication among worship team members, as they are scheduled to serve through this data base. This helps keep scheduling clear, organized, and efficient.
  - **Picking music for each service:** Music is picked surrounding the theme of the sermon. Songs should be picked carefully and intentionally while considering the overall theme of the service and how they can contribute to it positively.
- **Band Practices:**
  - The worship intern and assistant worship leader will also work together on coordinating practices. This involves organization and planning beforehand so that all band members are on the same page. This includes:
    - Having music put in a week prior to practice so everyone has time to practice
    - Getting together slides and orders of songs before practices
    - Clearly communicating with band members and seeing who is available to practice
